

A WEDDING FOR ALL SEASONS

THE ALNWICK GARDEN

Your perfect day, in an unforgettable setting

The Alnwick Garden offers a truly unique setting for your wedding day, with beautiful gardens, cascading water and extraordinary landscapes providing a breathtaking backdrop for your ceremony, celebration and photographs, whatever the season.

At the heart of The Garden is The Grand Cascade, a magnificent tumbling mass of water surrounded by Hornbeam Arbours, guiding you towards the geometric Ornamental Garden. The fragrant Rose Garden, mysterious Bamboo Labyrinth, water-sculpted Serpent Garden and the locked gates of The Poison Garden create an enchanting landscape, offering beautiful and memorable settings to make your special day truly magical.

THE GARDEN & PAVILION

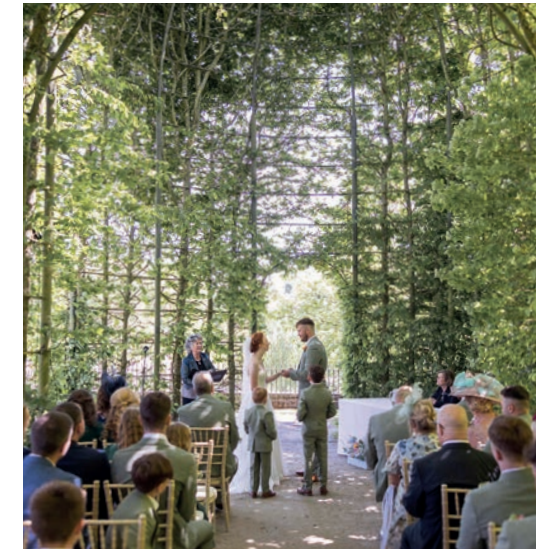

Set within the heart of The Garden, The Pavilion offers a beautiful and contemporary setting for your wedding day.

Floor-to-ceiling glass fills the space with natural light, while breathtaking views across The Grand Cascade create a memorable backdrop for your celebrations, with each season capturing the year round beauty of The Garden.

For your civil wedding ceremony, choose between an outdoor ceremony beneath the Hornbeam Arbour, framed by its leafy canopy, or an intimate ceremony inside The Pavilion.

Following the ceremony, the East Terrace provides the perfect setting to enjoy drinks with your guests before your wedding breakfast, with time to wander through The Garden before your evening celebrations begin.

The Garden provides an enchanting setting for photographs and treasured memories throughout your day. From The Rose Garden and Cherry Orchard to the Bamboo Labyrinth and Ornamental Garden, discover countless beautiful corners and create eye-catching photographs that capture the magic of your wedding day.

THE TREEHOUSE

The Treehouse is the largest wooden treehouse in the world, built around 16 mature lime trees that grow through and into this extraordinary, rustic structure.

For an outdoor ceremony, say "I do" surrounded by woodland, 13 metres above the ground beneath a canopy of trees on the decking. Alternatively, exchange your vows inside The Treehouse, where the warmth of a roaring log fire creates an intimate and unforgettable setting.

Inside, twisting branches, handcrafted details, twinkling fairy lights, log fire and natural wooden décor create a wonderfully unique atmosphere, setting The Treehouse apart from other wedding venues in the North East and beyond.

Following the ceremony, guests can move to The Potting Shed to enjoy drinks and canapés before your wedding breakfast. As evening falls, continue the celebrations in the main Treehouse, with space for dancing and evening entertainment. For more intimate weddings, The Potting Shed offers a wonderfully cosy setting for an evening celebration.
